Our work

Where strength meets depth

Rather than specialise in just one area, we're proud to have leading practices in Corporate, Finance and Projects, and Dispute Resolution.

Our Corporate division is a world leader in mergers, acquisitions, equities, joint ventures and private equity. In Finance and Projects, we lead many of the world's most important energy and infrastructure projects. Renowned for major wins, our Dispute Resolution division supports clients through their most challenging crises. We advise companies, banks, funds and governments on their funding, hedging and investment activities.
